Informed Consent for Chiropractic Treatment

To the Patient: *You have a right to be informed about your condition, the recommended chiropractic treatment, and the potential risks involved with the recommended treatment. This information will assist you in making an informed decision whether or not to have the treatment. This information is not meant to scare or alarm you; it is simply an effort to inform you so you may give or refuse to give your consent to treatment.*

I request and consent to chiropractic adjustments and other procedures, including various modes of physical therapies and diagnostic x-rays. The chiropractic treatment will be performed by the Doctor of Chiropractic working at this office. Chiropractic treatment may also be performed by a Doctor of Chiropractic who is serving as a backup for the Doctor of Chiropractic in the office.

I have had the opportunity to discuss with the Doctor of Chiropractic in this office my diagnosis, the nature and purpose of my chiropractic treatment, the risks and benefits of my chiropractic treatment, alternatives to my chiropractic treatment, and the risks and benefits of alternative treatment including no treatment at all.

I understand that there are some risks to chiropractic treatment including, but not limited to:

- Broken bones
- Dislocations
- Sprains/strains
- Worsening/aggravation of spinal conditions
- Increased symptoms and pain
- No improvement of symptoms or pain
- Infection (acupuncture)
- Punctured lung (acupuncture)

In rare cases, there have been reported complications of vertebral artery dissection (stroke) when a patient receives a cervical adjustment. The complications reported can include temporary minor dizziness, nausea, paralysis, vision loss, locked in syndrome (complete paralysis of voluntary muscles in all parts of the body except for those that control eye movement), and death.

I do not expect the doctor to be able to anticipate and explain all risks and complications. I also understand that no guarantees or promises have been made to me concerning the results expected from the treatment.

I have read, or have had read to me, the above consent. I have also had an opportunity to ask questions. All of my questions have been answered to my satisfaction. By signing below, I consent to treatment. I intend this consent form to cover the entire course of treatment for my current condition.

Patient Health Information Consent Form

We want you to know how your Patient Health Information (**PHI**) is going to be used in this office and your rights concerning those records. Before we will begin any health care operations we must require you to read and sign this consent form stating that you understand and agree with how your records will be used. If you would like to have a more detailed account of our policies and procedures concerning the privacy of your Patient Health Information we encourage you to read the HIPAA NOTICE that is available to you at the front desk before signing this consent.

1. The patient understands and agrees to allow this chiropractic office to use their Patient Health Information (**PHI**) for the purpose of treatment, payment, healthcare operations, and coordination of care. As an example, the patient agrees to allow this chiropractic office to submit requested PHI to the Health Insurance Company (or companies) provided to us by the patient for the purpose of payment. Be assured that this office will limit the release of all PHI to the minimum needed for what the insurance companies require for payment.
2. The patient has the right to examine and obtain a copy of his or her own health records at any time and request corrections. The patient may request to know what disclosures have been made and submit in writing any further restrictions on the use of their PHI. Our office is not obligated to agree to those restrictions.
3. A patient's written consent need only be obtained one time for all subsequent care given the patient in this office.
4. The patient may provide a written request to revoke consent at any time during care. This would not effect the use of those records for the care given prior to the written request to revoke consent but would apply to any care given after the request has been presented.
5. For your security and right to privacy, all staff has been trained in the area of patient record privacy and a privacy official has been designated to enforce those procedures in our office. We have taken all precautions that are known by this office to assure that your records are not readily available to those who do not need them.
6. Patients have the right to file a formal complaint with our privacy official about any possible violations of these policies and procedures.
7. If the patient refuses to sign this consent for the purpose of treatment, payment and health care operations, the chiropractic physician has the right to refuse to give care.

I have read and understand how my Patient Health Information will be used and I agree to these policies and procedures.
